

We are so proud to announce that we've won SEAL's Environment Initiative Award with our aluminum bottles! ☐

Semaine Health is the first supplement company in the US to use infinitely recyclable aluminum bottles, that are better for people and the planet. ☐

Thank you @sealawards for championing a women-owned business and brands in this space!

Winners of the Environmental Initiative Award

SEAL
AWARD WINNER
2023

"Being recognized as the winner of the 2023 Environmental Initiatives Award is a game changer for us and motivation to continue being disruptors in the packaging industry. Having clients who are aligned in our mission for changing the status quo like Semaine Health, has been an honor. We hope this award will bring some much-needed attention to the Nutra/Pharma/OTC industry in mitigating climate change."

— Marta Sylvester, CEO & founder, Nugen Packaging

We are always happy to work with companies that are already working in the sustainable arena. The thing NuGen brings to the table is that we are 10 years a sustainable packaging company that has been at the forefront of innovation working in partnership with companies developing sustainable packaging that makes sense, not green-washed.
